

\$1,500.00 Brad Leidich Memorial Scholarship Award
Sponsored by CoARC

This award also includes complimentary registration to attend the AARC Congress, provided by AARC, and \$750 reimburse of travel expenses to attend the Congress, provided by NBRC. You must attend Congress to receive the travel reimbursement.

The applicant must be an enrolled student with academic good standing in an accredited respiratory therapy program and at least six (6) months before the scholarship deadline date and a first-generation college student.

Include the following information:

1. Submit a **Letter of Recommendation** from a respiratory therapy faculty member of the enrolled program, *e.g., Program Director, Director of Clinical Education, or another full-time faculty member.*
2. Submit a **Resume** and an **Essay** discussing career goals, and how the current learning or educational experience as a first-generation student has been preparing the student for a future career in respiratory care.
 - a. Essay must be between 300 and 600 words (1.5 – 3 pages).
 - b. Rubric for the essay includes organization, presentation, content, sentence fluency & grammar.
 - c. Criteria includes career goals, memberships in organization, community service/activities, officer in class/club/committee or society, awards & recognition, and other significant and relevant information.

All applications must be submitted electronically using the link provided on Lambda Beta Society Scholarship page by May 31. Paper submissions will not be accepted.
